Key Features:

High Durability & Hygiene:

- Made from tear-resistant, water-resistant polypropylene. These folders are fully wipeable and easy to disinfect—ideal for clinical settings.

Secure Document Binding - MediClip system:

- An optional three-part plastic fastener system allows documents to be securely bound and easily edited without removing the entire stack.

Rounded Corners:

- No sharp edges, staples, or metal bindings.

Integral Window:

- Window cut-out incorporated into the front of folder to reveal name and other critical details at a glance.

Fully Customisable:

- **Colour Options:** Choose from standard PROMEG® colours including orange, yellow, green, red, clear, and many others. Pantone-matching available.
- **Printing:** Direct-to-material printing via digital, offset, or screen printing.

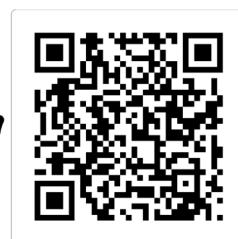

Product Specifications:

- Oversize A4 – 311 mm (H) × 225 mm (W), 10 mm spine capacity
- Custom sizes available
- 0.6 mm Australian-made, recyclable PROMEG® polypropylene

Why Corex & PROMEG®?

- **Locally Produced & Sustainable:** Made in Australia by Corex, with support for closed-loop recycling through Corex Recycling.
- **Proven Expertise:** Over 50 years of specialist design and manufacturing experience.
- **Tailored Solutions:** Fully customisable for branding, size, printing, and materials to meet your facility's needs.
